Due to Covid-19, small service providers can no longer rely on walk-in revenue

#### **Goals and Objectives**

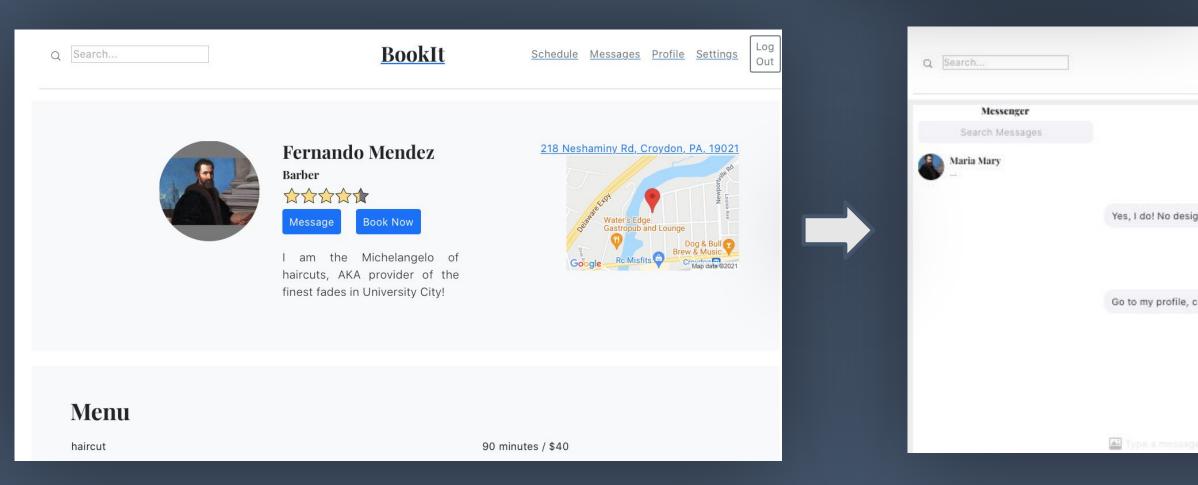

- Browse through local service providers
- Messaging between clients and service provider
- Easily make appointments for a variety of services
- Providers can see and manage schedule

### How is BookIt different?

- Charged on percentage of revenue, with a cap at \$15 a month
- Every individual service provider has their own profile, in order to showcase their talent and build personalized services for clients

## The Modern Way to Schedule

BookIt enables professionals to be discovered by potential new clients while reducing the amount of time they need to spend on schedule management. Professionals are no longer required to have their portfolio tied to their shop - with BookIt, they can create their own portfolio with no worry of losing their data if they switch work places.
